Keep in mind that the reporter above is pro-vaccine – or at least he *was* pro-vaccine.

In another frightening incident at a restaurant, singer Tori Kelly collapsed live as well due to blood clots that are probably linked to covid injections. Kelly was performing in Los Angeles at the time, and because of the "really serious" blood clots, she had to be taken to the hospital where medical workers found clots around the Grammy winner's lungs, as well as in her legs.

Then there was the horrifying incident of Bronny James, the 18-year-old son of NBA star LeBron James, who suffered a heart attack while practicing at [University of Southern California](#) (USC).

James was not the only USC basketball team player who suffered a heart attack recently, by the way. It is apparently quite common for college athletes to drop to the floor suddenly as their respective schools require covid injection as a condition of playing and attending classes.

Pro-jab extremists are already attempting to "debunk" the new study, claiming that the heart

"One of the significant casualties of the covid 'affair' is the complete loss of credibility of the so-called medical establishment," wrote another.

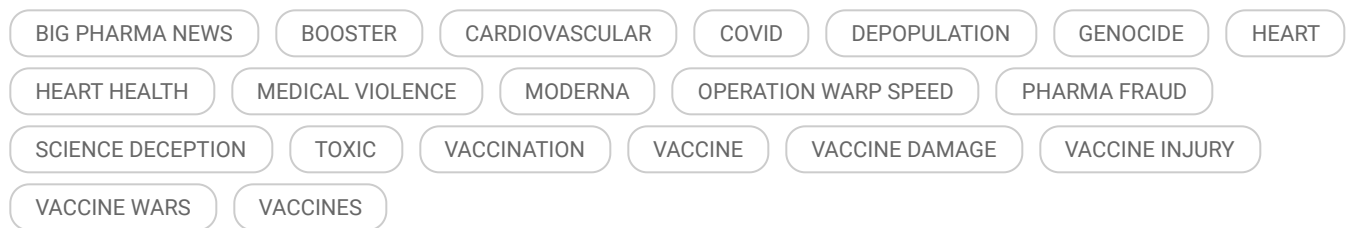

There is never a good reason to get "vaccinated" for covid. Learn more at [Genocide.news](#).
